### Benefits of using Lungscreen

- Lungscreen's experienced team of Radiologists / NIOSH B-readers are accredited and trained to report on the specialist field of industrial dust and lung diseases. We provide Fast turnaround time for all ILO Classification reports.
- Lungscreen provides the referring doctor and worker a single, fully dual-read and adjudicated ILO Classification report. The final ILO B-read report is easily identified in Blue with the heading Adjudicated ILO B-read report.
- Workers and doctors can access the chest X-ray image and ILO Classification report as soon as its completed through the Lungscreen portal.
- The x-ray images are securely stored in Lungscreen's data centre for the lifetime of the worker.
- Lungscreen's Quality Management system is ISO 9001:2015 certified. Quality is paramount to us.
- We are not an imaging clinic, we only accept x-rays from lungscreen endorsed or RSHQ accredited practices. This ensures image quality standards are monitored.
